Mr. Miles Collier,
Colbert, Ga.

Dear Mr. Collier:

I have yours of March 2nd. I have a complete genealogy of the Collier family, secured by 5 years of hard labor, up to the present time, except the families branching off from the children of Vines Collier. I guess I have 50% of these, but I am waiting to complete the genealogy up to the present time before having the book written.

My son has visited the grave of Robert Collier, who is buried at Stone, England. I have worked very hard to secure this information and have spent a great deal of money, and it has been my idea in doing this to try to get the present generations of the Collier families to give their children educations and as far as possible to get them into industrial lines, as you doubtless know that for many generations they have been large planters.

I trust to have the pleasure of meeting you at sometime.

The Collier names have been handed down for many generations. For instance your name was not only in the white members of the Collier family, but the older Colliers had their slaves to take the name as: William, Thomas, Isaac, Peter, Miles, Ben, etc. Please pardon my referring to the colored end, but this is merely to show you that it is the same family and that they continued their same old names for generation after generation.

With sincere regards, I beg to remain

Yours most cordially,

JCC:S

J. C. COLLIER.
